

Chicago Executive Airport T-Hangar Waiting List Policy

1. There will be a \$100 non-refundable sign up fee and an annual fee of \$50 to remain on the waiting list. The \$100 sign up fee may be applied towards the first month's rent.
2. The annual fee must be paid before December 31st. This fee will be prorated monthly if necessary. If, by April 1st, the annual fee of \$50 is not paid, then the applicant will be removed from the list.
3. For information concerning the hangar waiting list, please call Jason Griffith (847) 537-2580 x118 or stop by the Airport office for an application. When the application is completed, signed, and received at the Airport office, it will be stamped and the date entered. An applicant's priority number is determined by the date and time the application is received.
4. Only applications provided by the Airport office or from the Airport website will be accepted.
5. An applicant need not own an aircraft while waiting for hangar space, but must have it upon occupancy.
6. Co-owners of aircraft must apply under one owner's name only.
7. Parties already in possession of two (2) Airport-owned hangars and wishing to rent an additional hangar will be placed on a secondary list, and will not be eligible for another hangar until the primary list is exhausted.
8. The person whose name appears at the top of the list will be offered the first available space in that category of hangar only.
9. The waiting list is updated as needed.

12. If an applicant is notified that a hangar is available and they do not yet have an FAA Registration Certificate, the applicant will be determined ineligible and will be passed over **once**, without penalty. However, if an applicant is determined to be ineligible **twice**, the Airport will automatically move the applicant's name to the bottom of the hangar waiting list.

13. An applicant may be denied hangar space if the applicant is in default of any other lease, agreement, or permit, or in violation of any Airport rules and regulations, unless the violation or default is cured within 5 days of hangar availability.
